SPECIAL NOTICE

The following arrangements apply where an entry or similar transaction is received in one country for transmission to a second country, in which the race is to be staged. Where such transactions involve a financial commitment equal to or greater than £10,000 (or equivalent), the nominator may be required to provide sufficient funds in advance. In the event of failure to do this, the Racing Authority staging the race may not accept the entry.

ENTRIES

Entries may be made for all the races which appear in this book (except for races to France Galop, please see the separate notice below) to Weatherbys, Sanders Road, Wellingborough, Northants (Telephone: 00 44 (0)1933 440011; Fax: 00 44 (0)1933 276151); to Horse Racing Ireland, Ballymany, The Curragh, Co. Kildare (Fax: 00 353 45 455423); or the Direktorium für Vollblutzucht und Rennen, Rennbahnstrasse 154, 50737 Köln (Fax: 00 49 221 7498-68 or 69, Email: rschmanns@direktorium.de, dick@direktorium.de, steinmetz@direktorium.de). For Italian races, entries may be made to Ministero delle Politiche Agricole Alimentari E Forestali (Fax: 00 39 4665 2460) (see notice on page 4) or to the Racecourse Executives (see page 25).

When a horse is entered in a race to be run in a foreign country, its Owner, Trainer and Rider will be deemed to have knowledge of the Rules of Racing applicable in that country and to have agreed to be bound by those Rules.

FRANCE - ONLINE REGISTRATION PROCEDURE

France Galop has given notice that, as from January 1st 2012, any entries and declarations for races in France must be made only through its website.

Foreign trainers must apply for a personal log-in and password to access the France Galop website. From 2018 onwards, the online registration procedure is made directly online.

Trainers are invited to contact Laurent Payen from the Control Department: lpayen@france-galop.com or by phone 00 33 1 49 10 21 35 for any questions regarding access details.

Horses must be registered with their names, their suffix, sex, year of foaling, their origins (sire, dam and damsire) and the name of the owner (in the case of a 1st entry). If there are any changes regarding the ownership of the horse and, therefore of the racing colours the horse should carry, such change should also be made directly online via the France Galop website.

Log-in and password are restricted to licensed trainers and will be delivered after payment of an annual fee (€33 in 2019). The access is to be renewed at the beginning of each calendar year.

From January 1st 2017, there is a charge of €20 per horse registered with France Galop.

Entries, forfeits, declarations to run, declarations of jockey, cancellation of declared runners and declarations of non runners for races in France must be made online via the France Galop website.

ENTRIES FOR RACES IN FRANCE

Entries must be made on the France Galop website through the trainer's access by 10.30 a.m. (French time) at the closing day and time of the entry stated in the race conditions. Together with the entry, trainers must provide a complete race record of the horse(s) entered in a race in France, which should be sent to the following address: fgperf@france-galop.com. The entry will not be valid if it is not sent by the time of the entry closing or on the eve of the declaration stage (if entries were made more than a month before the race).

ENTRIES FOR RACES IN IRELAND

For races in Ireland, all overseas entries must be made through the racing authorities of the home country. The districts may vary so it is advised that the trainer intending on making an entry should consult with their home racing authorities to confirm their deadlines. Race programme details can be found on the Racing Administration Service website at www.hri-racing.ie. Horse Racing Ireland will not accept an entry directly from a trainer licensed outside of the Irish jurisdiction.

ENTRIES FOR RACES IN GREAT BRITAIN

For races in Great Britain, Entries must be made by **noon** on the dates as specified in the advertised race conditions to Weatherbys, Racing Calendar Office,

The Owner of the horse entered will become liable for the Stake fee, as published in the relevant race conditions, together with an entry handing fee, as detailed in Rule (F)106 and Schedule (A)1 of the Rules of Racing. A summary of the current fees payable is also published, for information, in the Races to Close section of The Racing Calendar, in the notices following the Standard Conditions, under the heading "Charges additional to the Entry Fee".

INTERNATIONAL RULE FOR THE ASSIGNMENT OF WEIGHT/ PENALTIES/ALLOWANCES AND INTERPRETATION OF RACE CONDITIONS FOR WINNING GROUP/GRADED OR LISTED RACES

For the purposes of (a) determining whether horses trained or having run abroad are qualified for a race or (b) determining the weights that such horses may be required to carry, Racing Authorities may regard the status of races won abroad to be different from that described in the country of question. The following table sets out the treatment of races in different Parts of the ICS Book for the purposes of determining eligibility and/or the assignment of weights, effective from 1 January 2016. The classification of races published in a given Part will be either downgraded or upgraded, as appropriate, when applied to races run in countries whose races are published exclusively in another Part.

Please see page opposite.

As an example only, for countries whose races are published exclusively in Part I, the following will apply:

1. Races run in other countries appearing in Part I of the International Cataloguing Standards Book will be regarded as being of the status (Group/Graded or Listed) as described.
2. Races run in other countries appearing in Part II of the International Cataloguing Standards Book will be regarded as follows:
 - 2.1 Races described as Group 1 or Grade 1 will be regarded as of Group 2 status.
 - 2.2 Races described as Group 2 or Grade 2 will be regarded as of Group 3 status.
 - 2.3 Races described as Group 3 or Grade 3 will be regarded as of Listed status.
 - 2.4 Races described as Listed will be regarded as of neither Group nor Listed status.
3. Races run in other countries appearing in neither Part I nor Part II of the International Cataloguing Standards Book will be regarded as follows:
 - 3.1 Races described as Group 1 or Grade 1 will be regarded as of Group 3 status.
 - 3.2 Races described as Group 2 or Grade 2 will be regarded as of Listed status.
 - 3.3 Other races will be regarded as of neither Group nor Listed status.

SOME IMPORTANT NOTICES

HORSES TRAVELLING ABROAD

In accordance with article 3 of the International Agreement on Racing, Breeding and Wagering, most Racing Authorities will require a Racing Clearance Notification (RCN) for when a horse travels abroad to run in a race the Authority is staging rather than passport endorsement. The RCN will attest that a) the horse is free or not free as the case may be from any restrictions preventing it from racing, b) that the Trainer is duly licensed and c) that the Owner is duly registered. For the purposes of the RCN a restriction on a horse does not include incomplete records of vaccination. An RCN must be received in writing by email or fax by the Staging Authority no later than the day prior to the deadline for declaration (i.e. the last positive action required by a trainer or his representative to run in the race).

For a full list of the restrictions that each Racing Authority will include on an RCN, please refer to the website of the International Federation of Horseracing Authorities (www.horseracingintfed.com)

VACCINATION OF RACEHORSES AGAINST EQUINE INFLUENZA

The Racing Authorities in France, Great Britain, Ireland, Italy and Germany have agreed that no horse shall enter a licensed racecourse unless it has been satisfactorily immunised against equine influenza.

The vaccinations programme for France must ensure that:-

All horses that enter racecourse property must have received a primary vaccination against equine influenza and equine herpes virus consisting of two injections given no less than 21 days and no more than 92 days apart. Then a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual booster given within each succeeding 12 months.

The above are minimum requirements. In many cases, booster injections are recommended at interval of 6 months.

No horse may run in a race if it has been vaccinated, whatever the vaccination given, within the 4 days previous to the race.

The Vaccination Programme for Great Britain must ensure that:-

All horses that enter racecourse property in this country must have received two primary vaccinations against equine influenza and where sufficient time has elapsed, a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual boosters. No horse may run in a race if it has been vaccinated within the 7 days previous to the race.

Where six-monthly or annual boosters are not given by the due date, a further course of primary vaccinations must be administered.

The above are minimum requirements. In many cases booster injections are recommended at intervals more frequent than 12 months. All vaccination intervals referred to above are to be calculated by ignoring the day of the vaccination and counting the day of the race.

The Vaccination Programme for Ireland must ensure that:-

A primary vaccination consisting of two injections given not less than 21 days and not more than 92 days apart. Then a booster injection not less than 150 days and not more than 215 days after the second injection of the primary vaccination. Thereafter, booster injections must be given within each succeeding 12 months or such lesser time as the Stewards of the Governing Bodies may, in an emergency, direct.

None of the injections mentioned above can be administered within the previous 7 days, including the day of the race or of entering the racecourse stables otherwise the horse shall not be qualified to start.

Notwithstanding the provisions contained in this Rule, the Stewards may permit any horse to run in a race before receiving the 150th/215th day booster injection specified in this Rule.

The above are minimum requirements. It is recommended that both the primary and first and subsequent booster injections should be given according to the manufacturer's instructions which will automatically fall within the above ruling. In many cases booster injections are recommended at intervals more frequent than twelve months.

Records of equine influenza vaccination certified in passports must be correct in accordance with IHRB Rules 90/91, otherwise the horse may not be allowed to run – trainers are encouraged to forward pictures of passport vaccination pages to equine@ihrb.ie for advice prior to travelling.

In Italy all horses that enter in a racecourse must have received two primary vaccinations against equine influenza and where sufficient time has elapsed, a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual boosters.

The primary vaccinations is the minimum requirement for run.

Thereafter, booster injections must be given within each succeeding 12 months.

No horse which has received a vaccination may run within the following 7 days.

As for the vaccinations effected in Italy, the authorised veterinaries shall affix on the passport the tag from the case of the product administered and show the reason for the vaccination, the date, the place, their stamp and signature.

The Vaccination Programme for Germany must ensure that:-

All horses must have received a primary vaccination consisting of two injections against equine influenza in the following manner before they can run:

Two injections given not less than 21 days apart and not more than 92 days apart. After that a third injection not less than 150 days and not more than 215 days after the second injection.

Thereafter, booster injections must be given within each succeeding 12 months.

A horse is not qualified to start for any race if it has not received the second injection of the primary vaccination. No horse shall run which has been vaccinated within the previous 7 days.

TRANSMISSION OF INFORMATION BETWEEN HORSERACING AUTHORITIES

When one Authority receives information from a third party or parties, correctly and in due time in accordance with that Authority's Rules, and fails to convey the information to another Authority, or conveys it incorrectly, the intended or receiving Authority will wherever practical accept or correct the information so long as the original notification to that other Authority complied with the intended or receiving Authority's Rules.

Notification to one Authority shall for these purposes be deemed notification to the intended or receiving Authority.

Schedule (F)13

If in the conditions of a race a fixed penalty has to be carried for winning either a race specified by name or a race of a specific class or a Listed race or a race in a Pattern Race Group, horses running a dead-heat for such a race shall carry the penalty fixed as if the race had been won outright.

Where a fixed penalty has to be carried for winning a race of a specific class, it shall be calculated in accordance with the provisions of Rule (F)135 and Paragraph 2 of Schedule (F)13. For all Flat races run outside Great Britain at any time the fixed penalty shall be calculated in accordance with the provisions of Rule (F)138 and by the resulting race value being applied to the appropriate criteria listed in Schedule (F)2 of the Rules of Racing.

Rule (F)136

For the purpose of calculating qualifications or allowances “**Pattern Races**” shall be taken to include all races which are regarded as, or are assessed as, the equivalent of Pattern Races under the provisions of Paragraphs 3 and 4 of Schedule (F)13.

ELIMINATION

In Pattern and Listed races the runners will be reduced by the elimination of those horses which in the opinion of the British Horseracing Authority Handicapper have the lowest Handicap Ratings or, if they do not qualify for an official rating under the

Rules of Racing, have the lowest assessment made by the BHA Handicapper, based on races run up to and including the day prior to that on which entries closed or, in races which closed more than six days before running, up to and including the day prior to the confirmation of entries.

Random balloting will apply where horses have identical handicap ratings or assessments.

In order for the Handicapper to take account of performances outside Great Britain and Ireland, trainers of horses outside Great Britain and Ireland are advised to notify the Handicapper 10 days in advance of the entry of the intention to make such an entry. Failure to do so may result in such horses being eliminated first by random ballot. The Handicapper's decision to allot a rating or give an assessment when the above notification has not been fulfilled shall be final.

Note: Horses which have not run will be eliminated first by random ballot.

NOTIFICATION OF WIND SURGERY

On each occasion that a horse has had Wind Surgery the Trainer must notify the Racing Calendar Office of the type of Wind Surgery undertaken. No notification is necessary if the horse has never previously raced.

Notification must be made before the horse is declared to run under Rule (F)89 (Declaration to Run) and the responsibility for making such notification rests with the Trainer making the declaration.

The Authority may decide not to take Disciplinary Action in respect of a contravention of this Rule if the Licensed Trainer or Permitted Trainer satisfies the Authority that he took all reasonable precautions and exercised all due diligence to ascertain whether or not the horse had had Wind Surgery.

Wind Surgery is defined as

- 1 Tie back (prosthetic laryngoplasty)
- 2 Hobday (venticulectomy/cordecotomy)
- 3 Epiglottic entrapment surgery

FROM THE FRENCH RULES OF RACING

Rule 52.

DEFINITIONS

XIII. Pattern Races are those, whatever be their dates, which are in the "Pattern Race Book" published officially from 1971 by the Irish Turf Club, the English Jockey Club and FRANCE GALOP and those which are published in the International Cataloguing Standards Book.

Rule 92.

CLASSIFICATIONS

To decide the qualifications, penalties or allowances for Pattern Races:-

I. Group Races and Listed Races are classified in the following decreasing order:-
Group 1 - Group 2 - Group 3 - Listed Race

Any reference in the conditions of a race to one of these categories includes or excludes all races of a higher or lower category.

II. The following equivalences are applied

(See International Rule for Assignment of Weight/Penalties/Allowances - page 8)

ELIMINATION

In Group and Listed races, the number of runners will be reduced by the elimination of those horses which, in the opinion of the France Galop Handicappers, have the lowest handicap ratings. If horses have identical ratings, elimination will be based in ascending order on the earnings (wins and places) since January 1st of the preceding year. A random ballot will apply if horses have the same earnings. In races opened to two-year-old and upwards or three-year-old and upwards, earnings (wins and places) of the current year will be taken into account.

OWNER'S PREMIUM

Unless there are special conditions, a premium is given to owners of horses under the following regulations:-

- **the horse must qualify for a breeders' premium in France;**
- **the race must not be restricted to French-bred horses.**

The premium will be:-

- for all races except Gr.1 & Gr.1 races for Purebred Arabians:
- 60% of the prize money for the owners of 2 and 3 year olds.
- 45% of the total prize money for the owners of 4 and 5 year olds.
- 35% of the total prize money for the owners of 6 year olds and upwards
- for Gr.1 and Gr.1 races for Purebred Arabians:
- 25% whatever the age of the horse.

The premium is not applied in the Prix de l'Arc de Triomphe.

The premium does not count for penalties, but percentages are paid to trainers and jockeys.

Rule 86.

QUALIFICATION FOR RACES RESTRICTED TO FRENCH-BRED HORSES

- i. Horses considered born and bred in France - The term "born and bred in France" applies to horses born there that have not left the territory before 1st June of the year following their birth, barring temporary export for a period not exceeding one month; furthermore, their dam shall not have been out of France for more than 180 days during the year of birth of the foal, except under exceptional circumstances recognized by the France Galop Stewards.
- ii. Assimilated French born and bred horses - Concerning the rights and obligations provided for by the present Rules or by the General Conditions or by the specific race conditions, horses that are assimilated to French born and bred horses include:

3. The temporary export formalities of the mare with foal at foot have been carried out before the departure of the mare and, in any case, at the latest within the thirty days following her departure, it being made clear that the mare concerned may leave France only for a maximum duration of 180 days counting from the date of birth of the foal and before 15 July of the year of birth of that same foal.
 4. The foals reimported into France with their dam, before 15 July of the year of their birth, except for cases of force majeure notified prior to that date to the France Galop Stewards and duly accepted by the latter whose decision will be made only after the effective reimport of that foal into France.

- b. Those foaled during the temporary export of the mare to be covered by a stallion at stud abroad. The mare may, nevertheless, not leave before 15 December of the year prior to the birth of the foal concerned on condition that:
1. The mare is registered in the corresponding French breed Stud Book;
 2. The temporary export formalities of the mare have been carried out before the departure of the mare and at the latest within the thirty days following her departure, it being made clear that the mare concerned may leave France only for a maximum duration of 180 days counting from 15 December and before 15 July of the year of birth of the foal.
 3. The horses imported into France with their dam, before 15 July of the year of their birth, except for cases of force majeure notified prior to that date to the France Galop Stewards and duly accepted by the latter whose decision will be made only after the effective import of that foal into France

SOME IMPORTANT NOTICES

PASSPORTS

Passports must be lodged with an IHRB Security Officer at least one (1) hour before the time fixed for the running of the race in which the horse is declared to run. In exceptional circumstances, the Stewards may allow an additional 10 minutes for the late lodging of passports where the Stewards have been notified in advance that a Passport may be late.

BODY PROTECTORS

The Directors of the IHRB, having consulted with the IHRB Medical Officer, have ordered that under Rule 198 (v), the minimum standard that Body Protectors must meet is EN13158:2009 or EN13158:2018 Level 2. There must not be an attachment between the Body Protector and the saddle or girths. The Directors of the IHRB require that Body Protectors must be worn with a harness (crotch strap) in all races.

Body Protectors must not be modified in any way and must be in a serviceable condition.

CHIN STRAPS

In addition to wearing a Skull Cap and Body Protector of a pattern approved by the Directors of the IHRB, all Riders when mounted on horses must have their chin strap properly adjusted and fastened at all times. Failure to comply with the above order may result in disciplinary action being taken by the Stewards.

SKULL CAPS

The only Skull Cap pattern approved by the Directors of the IHRB is the one constructed to meet one of the following specifications: PAS015:2011, SNELL E2016, VG1 01.040 2014-12, UTAC/CRITT 04/2015 and it must fulfil the following criteria:

- (a) Have a CE marking
- (b) Be in a serviceable condition
- (c) Have a full liner made of polystyrene or similar impact absorbent material.
- (d) Must not have a chin cup, cradle or draw lace.
- (e) The chin strap must pass under the jaw and be attached to the harness by a quick release buckle. Metal hooks are expressly forbidden.
- (f) Must be of the correct size for the individual Rider; the face harness must be correctly adjusted and the chin strap fastened at all times when mounted on a horse. Riders should also note that as Skull Caps are designed for "single impact only" any Skull Cap which has been subjected to a severe impact or has been worn by a rider suffering concussion should not be regarded as serviceable and should be replaced.

STIRRUP IRONS

The Directors of the IHRB have ordered that under Rule 198 (iii)(b), only stirrup irons which have been manufactured from aluminium, carbon fibre, steel, technopolymer or titanium may be used.

WHIPS AND SPURS

A whip shall not be used in a race unless it conforms to the following specifications and has been approved in advance by the Directors of the IHRB.

1. Riders may only use the air-cushioned whip conforming to the following specifications:

- (a) the maximum length (including flap) shall not exceed 70 centimetres
- (b) there shall be no binding within 17 centimetres of the end of the flap
- (c) the minimum diameter for a whip shall be 1 centimetre
- (d) the overall weight shall not exceed 160 grams
- (e) the contact area of the shaft shall be smooth, with no protrusion or raised surface, and covered by shock absorbing material throughout its circumference such that it gives a compression factor of at least 6 millimetres

(f) the downward vertical tip deflection, caused by a 1 kg mass located 57cm from the clamped end of a riding whip, shall be between 12-15cm

2. The use of worn whips is prohibited

3. The use of the whip in the following circumstances is forbidden:-

- (a) The hitting of a horse in front of the saddle while the whip is held in the forehand position, unless exceptional circumstances prevail.
- (b) The unnecessary hitting of a horse after its chance of winning or being placed is clearly gone.
- (c) The unnecessary hitting of a horse that clearly has its race won or has obtained its maximum placing.
- (d) The hitting of a horse after the Winning Post has been reached.
- (e) The hitting of a horse other than down the shoulder or on the hind quarters.
- (f) The hitting of a horse with excessive force or frequency.
- (g) The use of the whip with the arm above shoulder height

4. Having used the whip the rider should give his mount time to respond. When deliberating whether there was improper use of the whip in relation to “excessive frequency” the Stewards may take into consideration;

- (a) the rapid use of the whip without regard to the stride of the horse and/or
- (b) whether the number of hits was reasonable and necessary over the distance they were given, taking into account the horse’s experience.

5. The Directors of the IHRB have instructed the Stewards to bring before them any Rider who appears to have used the whip in any of the forbidden ways. If the Stewards are satisfied that a breach has occurred, then the matter will be dealt with in accordance with Rule 14(i) and (ii).

6. Where Stewards are satisfied that riding instructions given by Trainers or Owners have contributed to a breach of these Regulations, then such persons will be liable to disciplinary action in accordance with Rule 14(i) and (ii).

7. In the investigation of alleged breaches of this Regulation, it is recommended that the Veterinary Officer be asked to clinically examine the horse.

8. The use of spurs while riding in a race is absolutely forbidden.

A safety number of runners is fixed by MIPAAFT according to the racecourse and distance. If the declared runners exceeds the number allowed the field will be reduced with the elimination of those horses which, in the opinion of the handicapper specifically appointed by MIPAAFT, have the lowest rating. USE OF THE WHIP

The use of the whip is restricted. As a guideline a jockey is allowed to hit his horse 7 times, always giving time for the horse to react to the hits. In 2-y-o races the allowance is reduced to 4 hits

EUROPEAN PATTERN COMMITTEE

AIMS

- 1 The European Pattern Committee (the Committee) aims to assist the provision of a co-ordinated programme of quality races in each age, sex and distance category within the member countries and throughout Europe as a whole.
- 2 The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2 and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

MEMBERSHIP AND ADMINISTRATION

1. The Committee includes four member countries: Britain, France, Germany and Ireland, represented by their respective racing authorities: the British Horseracing Authority, France Galop, the Direktorium für Vollblutzucht und Rennen and Horse Racing Ireland (HRI). Any other European country which stages a race which has been granted Group status by the Committee is regarded as an associate member and may be represented at the Annual Meeting with observer status but without a vote.
2. The Secretariat will be provided by the British Horseracing Authority on terms to be agreed from time to time.
3. The Committee will have available to it the annual World's Best Racehorse Rankings (WBRR) produced by the WBRR Committee of the International Federation of Horseracing Authorities (IFHA). The Committee is responsible for nominating three members of the WBRR Committee including a co-Chairman.

GROUND RULES

1. GENERAL RULES FOR EUROPEAN PATTERN AND LISTED RACES

Every European Pattern and Listed race must conform to the following rules:

- 1.1 It must have no geographically-based conditions of entry with regard to the place of the horse's birth, training or ownership.
- 1.2 It must have a permanent element within the race title, to which a prefix or suffix may be added.
- 1.3 It must justify its Group or Listed status by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the official ratings, as agreed by the WBRR Committee, of the first four horses to finish in any given year. In addition, the actual weight allowance received by any fillies and mares finishing in the first four in open competition will be added to their official ratings for the sole purpose of calculating Yearly Race Ratings. If a race is abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern or Listed status:

Group 1	Group 2	Group 3	Listed
115	110	105	100

For certain races, however, other parameters will apply as follows:

3-y-o's and/or older fillies' and mares' races

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o races (other than fillies' events)

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o fillies' races

Group 1	Group 2	Group 3	Listed
105	100	95	90

- 1.5 Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- 1.6 Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yo's or 3yo's.
- 1.7 No Group or Listed race can be restricted to maiden horses, or horses that have been sold or bought in at a specified public sale(s).
- 1.8 No Group or Listed race should be permitted to divide into two or more divisions.
- 1.9 No Group or Listed race will be run as a handicap (other than the European Free Handicap).
- 1.10 No Group or Listed race may have a standard entry cost which exceeds 2% of the advertised total prize fund.
- 1.11 Total prize money, as advertised, must be paid out no later than 90 days after the date of the race.

Under certain circumstances the Committee may decide to temporarily suspend a rule, or rules, in order to implement an agreed strategic project designed to have a positive long-term impact on European racing and/or breeding.

2. DEFINITION OF CHANGES

For the purposes of the Ground Rules, changes to Pattern and Listed races requiring consideration by the Committee are defined as:

- 2.1 Any change to the Group of a Pattern race.
- 2.2 Any change to the distance, age or sex restriction, date, venue or surface of a Pattern or Listed race.
- 2.3 Any change to the permanent element in the name of a Pattern or Listed race.
- 2.4 Any change of more than 50% to the total value of a Group 2 or Group 3 Pattern race.
- 2.5 The introduction of a new Pattern or Listed race.
- 2.6 The deletion of an existing Pattern or Listed race.

3. RULES GOVERNING EUROPEAN PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of Existing Pattern and Listed Races and the Creation of New Pattern and Listed Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances and with the unanimous agreement of the Committee.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

- 3.1.1 To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on a similar date for at least the last three years. (Note: a change in venue and/or surface is acceptable).

- 3.1.2 An application for upgrading or admission of a race which has been abandoned once within the last three years may be submitted only if both of the last two Yearly Race Ratings meet the required parameter.
- 3.1.3 Upgrading of Existing Pattern Races
- 3.1.3.1 An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
- 3.1.3.2 A race shall be eligible for promotion to Group 1 or Group 2 if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year, in excess of the applicable parameter.
- 3.1.3.3 No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
- 3.1.3.4 The upgrading of any race already in the Pattern must be approved unanimously by the Committee. (N.B. If a member country chooses to exercise its veto it must do so only on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.)
- 3.1.3.5 The number of races to be upgraded within the Pattern in any country will be limited to a maximum of three upgrades in any one year.
- 3.1.4 Upgrading of Listed Races into the Pattern
- 3.1.4.1 A Listed race satisfying the requirements for admission into the Pattern can only be introduced as a Group 3 race.
- 3.1.4.2 A race shall be eligible for promotion to Group 3 if the race in question achieves both an Average Racing Rating and a Yearly Race Rating for the last year which is at least 2lb (in both respects) in excess of the applicable parameter.
- 3.1.4.3 The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.
- 3.1.4.4 Any country may introduce one additional race into the Pattern in any one year (but no more than one, other than in an exceptional case approved unanimously by the Committee) provided that the race fulfils the necessary requirements as above.
- 3.1.4.5 Applications for new races to become Pattern races from associate members, or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Pattern race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5 New Listed Races
- 3.1.5.1 Any country may introduce up to two additional Listed races in any one year (but no more than two, other than in an exceptional case approved unanimously by the Committee).
- 3.1.5.2 Subject to the above, the creation of new Listed races by a member country does not require the approval of the Committee.
- 3.1.5.3 Applications for new races to become Listed races from associate members or from any other country wishing to become an associate member, must be approved by a majority of the Committee. Applications will be considered on their individual merits and races must achieve the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.4 Notwithstanding the foregoing, there shall be no limit to the maximum number of new Listed races which may be created by a country wishing to become an associate member (after approval by a majority of the Committee) during their year of admission only, provided that each such race achieves the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.

3.2 Downgrading or Deleting Pattern or Listed Races

The following rules shall apply to the downgrading/deletion of Pattern or Listed races

3.2.1 Group 1 Races and Classic Races for 3 Years Old Only

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded.

3.2.2 Group 2 Races (Excluding those Classic Races for 3 Years Old Only)

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years then a majority vote will decide if the race should be downgraded. If it is not downgraded, then the Yearly Race Rating will need to meet the required parameter in the following year or the race will be downgraded automatically.

3.2.3 Group 3 Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.4 Listed Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for 2 consecutive years it will be downgraded automatically.
- If the Yearly Race Rating is below the parameter in each of the last 2 years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last 3 years it will be downgraded automatically.

3.2.5 When assessing the potential downgrade of a Group 1 race, or a Classic race for 3 years old only, the Committee may additionally take account of the ratings of the four highest rated horses in the race as well as the first four to finish.

3.2.6 The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern or Listed race by the country concerned. However, no country will have any right of veto in such circumstances.

3.3 The following rules shall apply to any other amendments defined as changes to Pattern or Listed races:

- 3.3.1 Any change to the distance, age or sex restriction or date of a Pattern or Listed race must be approved unanimously by the Committee.
- 3.3.2 Any change of surface or venue, any change to the permanent element in the name of a Pattern or Listed race, and any change of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.
- 3.3.3 A member country should only exercise its veto on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.

4. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to achieve greater standardisation of the weight-for-age and sex allowances in all member and associate member countries.

5. NOTIFICATION & IMPLEMENTATION OF CHANGES

- 5.1 All Pattern and Listed race proposals for the following year must be notified to the Secretariat by 1 December for immediate circulation to all member and associate member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
- 5.2 Proposals submitted in accordance with Paragraph 5.1 must later be updated to contain the official ratings, as agreed by the WBRR Committee, and returned to the Secretariat at least one week in advance of the Annual Meeting. The Committee may reject any Pattern or Listed race proposals returned with incomplete information.
- 5.3 Changes shall be implemented for the immediate season if accepted according to the Ground Rules.
- 5.4 Until agreement has been reached by the Committee, there must be no official statement to the media of any proposed changes to Pattern and Listed races.

RACE ON

Newmarket Racecourses the Home of Horseracing stages more Group races than any other British Racecourse. The first two Classic races in the British racing calendar, The QIPCO 2000 & 1000 Guineas, are held on the Rowley Mile. It is also here where four of the five Group 1 two-year-old races are staged in Britain. The highlight of the summer programme, held at Newmarket's July Course is the three day Moët & Chandon July Festival, including the Group 1 highlight on the Saturday, the Darley July Cup, a race which is invariably won by the season's leading European sprinter. Reverting back to the Rowley Mile in September, Newmarket hosts some of the highest quality juvenile racing in Europe. The Dubai Future Champions Festival includes the joint most valuable Group 1 two year old races in Europe, the bet365 Fillies' Mile and Dubai Dewhurst Stakes respectively.
