SPECIAL NOTICE

The following arrangements apply where an entry or similar transaction is received in one country for transmission to a second country, in which the race is to be staged. Where such transactions involve a financial commitment equal to or greater than £10,000 (or equivalent), the nominator may be required to provide sufficient funds in advance. In the event of failure to do this, the Racing Authority staging the race may not accept the entry.

ENTRIES

Entries may be made for all the races which appear in this book (except for races to France Galop, please see the separate notice below) to Weatherbys, Sanders Road, Wellingborough, Northants (Telephone: 00 44 (0)1933 440011; to Horse Racing Ireland, Ballymany, The Curragh, Co. Kildare, Email: entries@hri.ie or the Deutscher Galopp e.V. – Verband für Vollblutzucht und Rennen, Rennbahnstrasse 154, 50737 Köln, Email: horny@deutscher-galopp.de, wilhelms@deutscher-galopp.de. For Italian races, entries may be made to Ministero delle Politiche Agricole Alimentari E Forestali (Fax: 00 39 4665 2460) (see notice on page 4) or to the Racecourse Executives (see page 25).

When a horse is entered in a race to be run in a foreign country, its Owner, Trainer and Rider will be deemed to have knowledge of the Rules of Racing applicable in that country and to have agreed to be bound by those Rules.

FRANCE - ONLINE REGISTRATION PROCEDURE

Foreign trainers must apply for a personal log-in and password to access the France Galop website. The online registration procedure is made directly online.

Trainers are invited to send an email to racing@france-galop.com or by phone 00 33 1 49 10 21 35 for any questions regarding access details.

Horses must be registered with their names, suffix, sex, year of foaling, their breeding (sire, dam and damsire) and the name of the owner (in the case of a 1st entry). If there are any changes regarding the ownership of the horse and, therefore of the racing colours the horse should carry, such change should also be made directly online via the France Galop website.

Log-in and password are restricted to licensed trainers and will be delivered after payment of an annual fee (€35.40 in 2025). The access is to be renewed at the beginning of each calendar year.

There is a charge of €24 per horse registered with France Galop.

Please note that as from January 1st, 2026, any foreign trainer who wish to apply for approval with France Galop will be charged a fee of €190.80.

Please be reminded that in accordance with Article 111 of the Rules of Racing, a horse trained outside of France must be duly declared by its trainer at least 15 days before the race he is due to take part in. The registration of the horse must be made via the trainer's personal access on the France Galop website. If you have any queries, please contact Racing Operations at fgtech@france-galop.com

Entries, forfeits, declarations to run, declarations of jockey, cancellation of declared runners and declarations of non runners for races in France must be made online via the France Galop website.

ENTRIES FOR RACES IN FRANCE

Entries must be made on the France Galop website through the trainer's access by 10.30 a.m. (French time) at the closing day and time of the entry stated in the race conditions. Together with the entry, trainers must provide a complete race record of the horse(s) entered in a race in France, which should be sent to the following address: fgperf@france-galop.com. The entry will not be valid if it is not sent by the time of the entry closing or on the eve of the declaration stage (if entries were made more than a month before the race).

Since the launch of the vaccination server set up by France Galop in March 2021, we would like to thank many of those who have already recorded the vaccinations of the horses on their training list.

Following the amendment of Article 135 of the Code of des Courses au Galop, we inform you that **it is now compulsory for all trainers to enter their horses' vaccinations on the server (site pro). Any entry made to race in France will not be validated if the vaccinations have not been uploaded on the server AND are in accordance with France Galop's vaccination protocol.**

If you have any queries, please contact the Control Department: controles@france-galop.com

ENTRIES FOR RACES IN IRELAND

INTERNATIONAL RULE FOR THE ASSIGNMENT OF WEIGHT/ PENALTIES/ALLOWANCES AND INTERPRETATION OF RACE CONDITIONS FOR WINNING GROUP/GRADED OR LISTED RACES

1. Introduction

A convention has been established whereby Racing Authorities, in categorising the races of the highest quality run in their respective countries, apply common descriptions. These descriptions, and abbreviations thereof, are shown below, in descending quality order:

- Group 1/Grade 1 (G1)
- Group 2/Grade 2 (G2)
- Group 3/Grade 3 (G3)
- Listed or Listed Restricted (L or LR)

Such races are set out in the International Cataloguing Standards (ICS) Book published by the Jockey Club Information Systems, Inc., in association with the International Federation of Horseracing Authorities (IFHA).

The ICS Book separates countries and/or races into three sections, Part I, Part II and Part III. Group/Graded races in Part I are recognized as such internationally.

Group/Graded races contained in Part I are also listed on the IFHA web site (www.IFHAonline.org).

2. Procedure for the Selection/De-selection of such races.

- 2.1 Granting Group/Graded Race status or upgrading a race to a higher Group/Grade, must be justified by the quality of the runners.
- 2.2 Granting Listed Race status must be justified by the quality of the runners
- 2.3 Conversely, except in exceptional circumstances, Group/Graded Races must be downgraded or lose their status if the quality of the runners does not justify it and Listed Races must be downgraded if the quality of runners does not justify it

Note: 'Quality' can be assessed by different systems in different regions: ratings, last performances, points.

3. Implications of Such Categorisation

Such categorisation is relevant in recognizing the highest class races conducted for domestic and international purposes. Additionally, such categorisation is relevant:

- a. In the treatment within sales catalogues of horses which have performed in such races
- b. In determining whether a horse is qualified for a race and/or the weight it is assigned - race conditions may make reference to the categorisation of the races in which the horse has previously competed.

3.1 Sales Cataloguing

(a) Races listed in Part I:

The appropriate abbreviation for Group/Graded races (eg G1, G2, G3,) will follow the name of the race in question. Horses winning or being placed in the first three in Group/Graded and Listed races will be assigned 'Black Type' (ie the horse's name will appear in a bolder typeface).

(b) Races listed in Part II:

Horses winning or being placed in the first three will be assigned 'Black Type' and the races are treated the same as Listed races for Part I countries.

Races listed in Part III are published for information purposes only and do not confer Black Type.

Note: The above applies for sales catalogues that comply with standards recognized by the Society of International Thoroughbred Auctioneers (SITA).

3.2 Interpretation of Races Run Abroad, For the Purpose of Qualification for Races and/or the Assignment of Weights

3.2.1 Racing Authorities should publish, and make available to other Racing Authorities on request, details of the way in which races run in other countries would be treated for purposes of

(a) determining whether horses having run abroad are qualified for a race or

(b) determining the weights that such horses may be required to carry. Racing Authorities may, for example, mirror the treatment adopted for sales cataloguing, as set out in 3.1, above, such that races featuring in Part I would be treated as per the Group/Grade advertised, whilst races featuring in Part II would be treated as Listed races. This approach is particularly pertinent to countries (or for races) featuring in Part I.

SOME IMPORTANT NOTICES

HORSES TRAVELLING ABROAD

In accordance with article 3 of the International Agreement on Racing, Breeding and Wagering, most Racing Authorities will require a Racing Clearance Notification (RCN) for when a horse travels abroad to run in a race the Authority is staging rather than passport endorsement. The RCN will attest that a) the horse is free or not free as the case may be from any restrictions preventing it from racing, b) that the Trainer is duly licensed and c) that the Owner is duly registered.

For the purposes of the RCN a restriction on a horse does not include incomplete records of vaccination. An RCN must be received in writing by email or fax by the Staging Authority no later than the day prior to the deadline for declaration (i.e. the last positive action required by a trainer or his representative to run in the race).

For a full list of the restrictions that each Racing Authority will include on an RCN, please refer to the website of the International Federation of Horseracing Authorities (www.horseracingintfed.com)

VACCINATION OF RACEHORSES AGAINST EQUINE INFLUENZA

The Racing Authorities in France, Great Britain, Ireland, Italy and Germany have agreed that no horse shall enter a licensed racecourse unless it has been satisfactorily immunised against equine influenza.

The vaccinations programme for France must ensure that:-

All horses that enter racecourse property must have received a primary vaccination against equine influenza and equine herpes virus consisting of two injections given no less than 21 days and no more than 60 days apart. Then a booster vaccination given no less than 120 days and no more than 180 days after the second component of the primary vaccination, followed by a 6 month booster.

The first two injections of the primary vaccination course for both Influenza and Herpes Virus are the minimum requirements to race in France.

No horse may run in a race if it has been vaccinated, whatever the vaccination given, within the 4 days previous to the race.

The Vaccination Programme for Great Britain must ensure that :-
From 1st January 2022, the following new intervals for primary vaccination courses should be followed. A primary vaccination course now consists of three initial vaccinations referred to as V1, V2 and V3 consecutively. Under the new intervals, V2 is due not less than 21 days and not more than 60 days after administration of V1. V3 is due not less than 120 days and not more than 180 days after administration of V2. Thereafter, booster injections must be given within 6 monthly intervals.

Horses that received a V1 vaccination prior to 1st January 2022 are permitted to continue their primary course on the historic intervals i.e. V2 due not less than 21 days and not more than 92 days after administration of V1 and V3 is due not less than 150 and not more than 215 days following V2.

As of 15th January 2023, all horses must be compliant with the new six monthly booster intervals and therefore must have received a booster vaccination within the preceding 6 months to be permitted to enter a race.

Since 2nd May 2024, any horse whose vaccination history in their passport which has been crossed out, overloaded, corrected, or brings about confusion, without a veterinarian having certified the exact date of the vaccination in writing which has been signed and stamped, will not be able to take part in any race and will be considered non-compliant with the vaccination protocol. The trainer will be fined €500.

For Irish and British registered horses, all vaccinations must be uploaded to the Weatherbys vaccination app for pre-clearance. For all other horses, please submit scanned copies of proof of vaccination from the horse's passport to vaccapp@weatherbys.co.uk

All horses running in Ireland must be compliant with Rule 91 in respect of equine influenza vaccination intervals. They must be pre-cleared at entry stage as per this Rule, either by uploading onto the Weatherbys App if registered in Britain or Ireland or via submission of certification to equine@ihrb.ie in the same timeframe. A primary vaccination course comprises three vaccinations referred to as V1, V2 and V3 consecutively. V2 is due not less than 21 days and not more than 60 days after administration of

V1. V3 is due not less than 120 days and not more than 180 days after administration of V2. Thereafter, booster injections must be given within 6 monthly intervals. None of these vaccinations can be administered within the previous 7 days of a race, including the day of the race or of entering the racecourse stables, otherwise the horse shall not be qualified to start. A horse that has received both V1 and V2 may race. Records of equine influenza vaccination certified in passports must be correct in accordance with IHRB Rule 91, otherwise the horse may not be allowed to run. It should be noted that a horse that was correctly vaccinated in its own jurisdiction in accordance with the rules of that jurisdiction in place at that time shall be deemed compliant with Rule 91.

Records of equine influenza vaccination certified in passports must be correct in accordance with IHRB Rules 90/91, otherwise the horse may not be allowed to run. For Irish and British registered horses, all vaccinations must be uploaded to the Weatherbys vaccination app for pre-clearance. Trainers outside these jurisdictions should forward pictures of passport from cover and vaccination pages to equine@ihrb.ie for advice/clearance prior to travelling.

In Italy all horses that enter in a racecourse must have received two primary vaccinations against equine influenza and where sufficient time has elapsed, a booster vaccination given no less than 150 days and no more than 215 days after the second component of the primary vaccination, followed by annual boosters.

The primary vaccinations is the minimum requirement for run.

Thereafter, booster injections must be given within each succeeding 12 months.

No horse which has received a vaccination may run within the following 7 days.

As for the vaccinations effected in Italy, the authorised veterinaries shall affix on the passport the tag from the case of the product administered and show the reason for the vaccination, the date, the place, their stamp and signature.

The Vaccination Programme for Germany must ensure that:

All horses that enter racecourse property must have received a primary vaccination against equine influenza and equine herpes virus consisting of two injections given no less than 21 days and no more than 60 days apart. Then a booster vaccination given not less than 120 days and no more than 180 days after the second component of the primary vaccination followed by a 6 month booster.

The first two injections of the primary vaccination course for both influenza and herpes virus are the minimum requirements to race in Germany.

Where six-monthly boosters are not given by the due date, a further course of primary vaccinations must be administered.

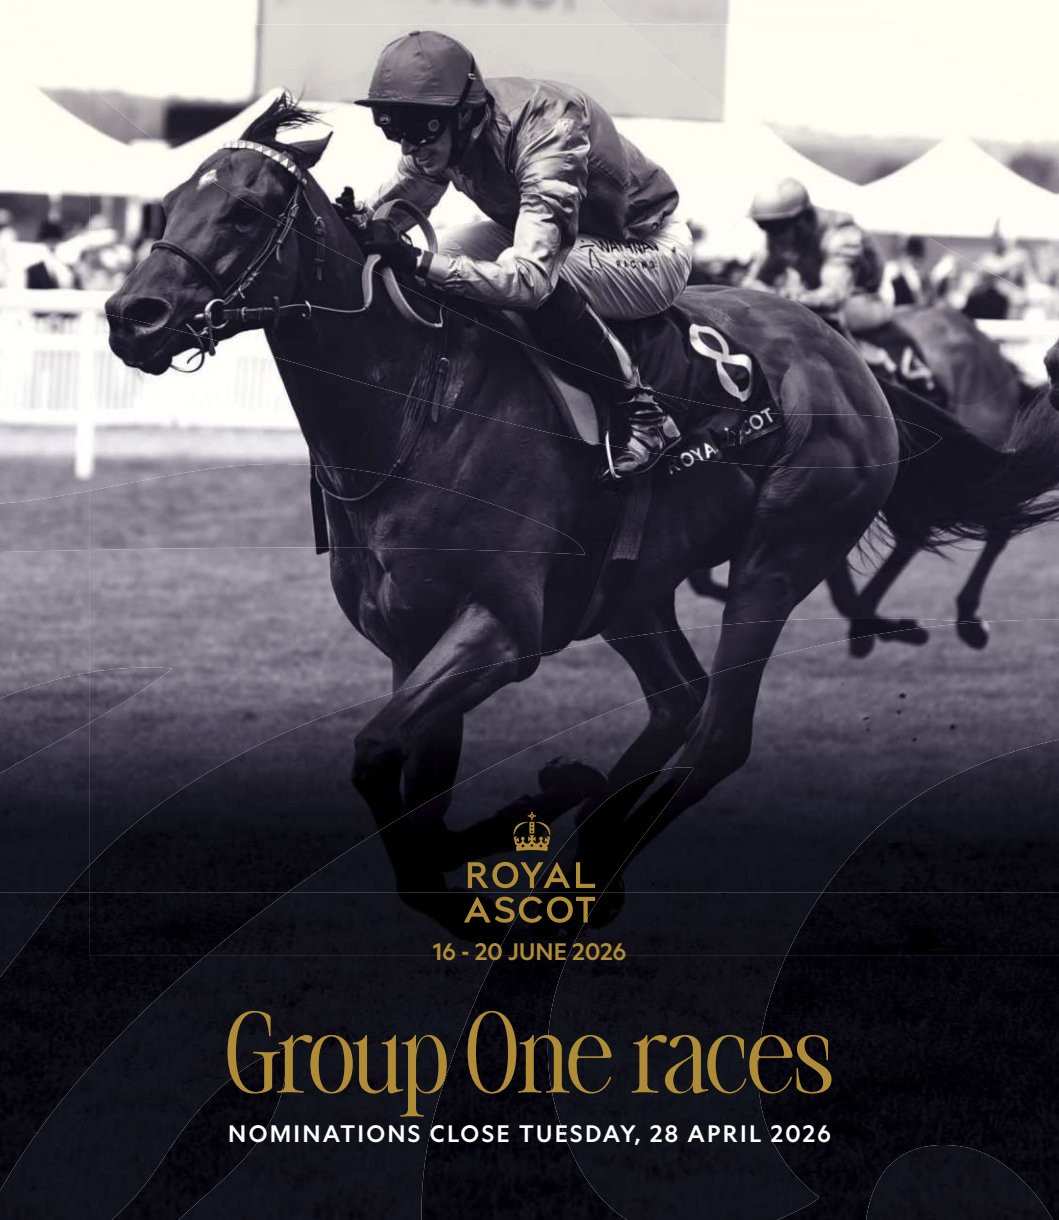

No horse shall run which has been vaccinated within the previous 7 days.

Trainers outside Germany should forward pictures of passport from cover/markings and vaccination pages at the pre declaration stage to renntechnik@deutscher-galopp.de for advice/clearance prior to travelling.

GREAT BRITAIN

SOME IMPORTANT NOTICES

HORSES RUNNING IN HOOD, BLINKERS, VISOR, EYESHIELD, EYECOVER, SHEEPSKIN CHEEK PIECES OR TONGUE STRAP

If a horse is to run in a hood, blinkers, visor, eyeshield, eyecover, sheepskin cheek pieces or tongue strap, a declaration must be made to the Racing Calendar Office by the time fixed for Declarations to Run.

PASSPORTS

If a horse trained abroad is sent to run in Great Britain or Ireland it must be accompanied by a passport.

Trainers must submit a valid vaccination record for approval, in advance of making an entry. Failure to submit vaccination records in advance will result in the horse not being able to race. The deadline for submission is 12 noon on the day of entry, but we would encourage all trainers to submit records well in advance. The following should be submitted: a photo of the passport cover, a photo of the ID/markings page, and photo(s) of all pages which include vaccinations for Equine Influenza. The photos should be in focus, so that all writing is legible. Photos should be sent to equine@britishhorseracing.com.

ELIMINATION

In Pattern and Listed races the runners will be reduced by the elimination of those horses which in the opinion of the British Horseracing Authority Handicapper have the lowest Handicap Ratings or, if they do not qualify for an official rating under the Rules of Racing, have the lowest assessment made by the BHA Handicapper, based on races run up to and including the day prior to that on which entries closed or, in races which closed more than six days before running, up to and including the day prior to the confirmation of entries.

Random balloting will apply where horses have identical handicap ratings or assessments.

In order for the Handicapper to take account of performances outside Great Britain and Ireland, trainers of horses outside Great Britain and Ireland are advised to notify the Handicapper 10 days in advance of the entry of the intention to make such an entry. Failure to do so may result in such horses being eliminated first by random ballot. The Handicapper's decision to allot a rating or give an assessment when the above notification has not been fulfilled shall be final.

Note: Horses which have not run will be eliminated first by random ballot.

NOTIFICATION OF WIND SURGERY

On each occasion that a horse has had Wind Surgery the Trainer must notify the Racing Calendar Office of the type of Wind Surgery undertaken. No notification is necessary if the horse has never previously raced.

Notification must be made before a Declaration to Run is made for the horse and the responsibility for making such notification rests with the Trainer making the declaration.

The Authority may decide not to take Disciplinary Action in respect of a contravention of this Rule if the Licensed Trainer or Permitted Trainer satisfies the Authority that he took all reasonable precautions and exercised all due diligence to ascertain whether or not the horse had had Wind Surgery.

Wind Surgery is defined as

- 1 Tie back (prosthetic laryngoplasty)
- 2 Hobday (venticulectomy/cordectomy)
- 3 Epiglottic entrapment surgery
- 4 Tie forward (dorsal displacement soft palate surgery)
- 5 Soft palate cauterly

FRANCE

SOME IMPORTANT NOTICES

(1) To run in French races, except if there are special conditions, horses must be thoroughbreds registered in the Stud Book of their country of birth.

MICROCHIP

No horse may race in France, if it hasn't been identified by a microchip implanted and the number of this microchip registered in its passport and export certificate.

ALLOWANCES FOR FILLIES AND MARES

There is an allowance for fillies and mares in all French races of 1½kg (3¼lb).

CONDITIONS OF STABLING AND ACCOMMODATION

STABLING OF HORSES

Stabling conditions for horses coming from overseas to run in a race in France organised by France Galop, are as follows:

Horses due to run at ParisLongchamp, Saint-Cloud and Auteuil arriving less than four days prior to the race, can be stabled on the racecourse premises subject to the availability of boxes. These racecourses do not possess any training tracks. Only slow canter, walks and stall tests are allowed after authorization has been granted by the racecourse director. Horses can be stabled at the training centres of Chantilly and Deauville. During the Deauville race meeting, special stabling conditions are outlined and published every year in the Official Bulletin.

All boxes are covered with straw free of charge on the eve of raceday and on raceday. On other days, they will be charged €41 (ex. VAT). However, if a trainer wishes to have a box with shavings, he needs to book one in advance with the racecourse. He will be charged €90 (excluding VAT) per box.

STAFF ACCOMMODATION

The accompanying staff is entitled to be accommodated on the racecourse premises with one lad per horse allowed. Rooms are available on the following racecourses: Auteuil, Deauville, ParisLongchamp and Saint-Cloud. For Chantilly racecourse, accommodation is possible at the riding school, AFASEC (tel: 00 33 3 44 62 63 00).

BOX AND ACCOMMODATION RESERVATION

The owner or trainer needs to contact the racecourse at least two days prior to the arrival of the horse or the accompanying staff. Horses can only arrive between 7.00 a.m. and 8.00 p.m., except on the eve of racedays, when their arrival is possible at night if trainers have informed the racecourse.

FROM THE FRENCH RULES OF RACING

Rule 52.

DEFINITIONS

XIII. Pattern Races are those, whatever be their dates, which are in the "Pattern Race Book" published officially from 1971 by the Irish Turf Club, the English Jockey Club and FRANCE GALOP and those which are published in the International Cataloguing Standards Book.

Rule 92.

CLASSIFICATIONS

To decide the qualifications, penalties or allowances for Pattern Races:-

I. Group Races and Listed Races are classified in the following decreasing order:-
Group 1 - Group 2 - Group 3 - Listed Race

Any reference in the conditions of a race to one of these categories includes or excludes all races of a higher or lower category.

II. The following equivalences are applied

(See International Rule for Assignment of Weight/Penalties/Allowances - page 8)

ELIMINATION

In Group and Listed races, the number of runners will be reduced by the elimination of those horses which, in the opinion of the France Galop Handicappers, have the lowest handicap ratings. If horses have identical ratings, elimination will be based in ascending order on the earnings (wins and places) since January 1st of the preceding year. A random ballot will apply if horses have the same earnings. In races opened to two-year-old and upwards or three-year-old and upwards, earnings (wins and places) of the current year will be taken into account.

OWNER'S PREMIUM

Unless there are special conditions, a premium is allocated to owners of horses under the following rules:

- **The horse must qualify for a breeders' premium in France,**
- **The race must not be restricted to French-bred horses.**

The premium represents a percentage of the prize money allocated to owners of horses finishing 1st, 2nd, 3rd, 4th, 5th and where necessary 6th and 7th.

This premium will be as follows for all races, except Gr.1 & Gr.1 races for Purebred Arabians:

- 75% of the total prize money for owners of two-year-olds and three-year olds,
- 45% of the total prize money for owners of four years old and upwards

For Gr.1 & Gr.1 races for Purebred Arabians: 20% of the total prize money whatever the age of the horse.

The premium is not applied in the Qatar Prix de l'Arc de Triomphe.

The premium does not count for penalties, but percentages are paid to trainers and jockeys.

Rule 86.

QUALIFICATION FOR RACES RESTRICTED TO FRENCH-BRED HORSES

Preconditions: the broodmare must go through the identification formalities provided for in Articles 68, 69 and 70 and be registered in the French Studbook before being covered or exported for a covering abroad. She may not stay outside of France for more than 180 days during the year of birth of her foal, except under exceptional circumstances accepted by the Stewards of France Galop.

- i. Horses considered born and bred in France - The term "born and bred in France" applies to horses born there that have not left the territory before 1st June of the year following their birth, barring temporary export for a period not exceeding one month; furthermore, their dam shall not have been out of France for more than 180 days during the year of birth of the foal, except under exceptional circumstances recognized by the France Galop Stewards.
- ii. Assimilated French born and bred horses - Concerning the rights and obligations provided for by the present Rules or by the General Conditions or by the specific race conditions, horses that are assimilated to French born and bred horses include:
 - a. Those, born in France, that accompany their dam to be covered by a stallion at stud abroad on condition that:

1. The mare is registered in the corresponding French breed Stud Book;
 2. The covering result has been declared with the Institut Français du Cheval et de l'Équitation (IFCE) (The French Horse and Riding Institute) and that the identification formalities of the foal have been carried out by a person authorized to identify equidae, these two procedures to take place before mare and foal leave France.
 3. The temporary export formalities of the mare with foal at foot have been carried out before the departure of the mare and, in any case, at the latest within the thirty days following her departure, it being made clear that the mare concerned may leave France only for a maximum duration of 180 days counting from the date of birth of the foal and before 15 July of the year of birth of that same foal.
 4. The foals reimported into France with their dam, before 15 July of the year of their birth, except for cases of force majeure notified prior to that date to the France Galop Stewards and duly accepted by the latter whose decision will be made only after the effective reimport of that foal into France.
 5. They have been thereafter bred in France and have not left the country before 1st June of the year following that of their birth, except for temporary export for a duration not exceeding one month.
 6. The corresponding mare and foal transport documents as well as the hosting certificate of the stud farm(s) where the foal was bred have been forwarded at the latest by 31 December of the yearling's year of birth.
- b. Those foaled during the temporary export of the mare to be covered by a stallion at stud abroad. The mare may, nevertheless, not leave before 15 December of the year prior to the birth of the foal concerned on condition that:
1. The mare is registered in the corresponding French breed Stud Book;
 2. The temporary export formalities of the mare have been carried out before the departure of the mare and at the latest within the thirty days following her departure, it being made clear that the mare concerned may leave France only for a maximum duration of 180 days counting from 15 December and before 15 July of the year of birth of the foal.
 3. The horses imported into France with their dam, before 15 July of the year of their birth, except for cases of force majeure notified prior to that date to the France Galop Stewards and duly accepted by the latter whose decision will be made only after the effective import of that foal into France
 4. They have been thereafter bred in France and have not left the country before 1st June of the year following that of their birth, except for temporary export for a duration not exceeding one month
 5. The procedures provided for by Articles 68, 69 and 70 for horses born outside France have been duly respected.
 6. The corresponding mare and foal transport documents as well as the hosting certificate of the stud farm(s) where the foal was bred have been forwarded at the latest by 31 December of the yearling's year of birth.
- iii. Special cases. If the horse leaves France before 1st June of the year following that of its birth, without fulfilling the conditions provided for in the aforementioned paragraphs, it may only qualify for races open to horses bred outside France. To be admitted and participate in such races, it must thus fulfill the procedures laid down in Articles 67, 68 and 69 for horses born outside France. If the horse leaves France before having taken part in a race, after 1st June of the year following that of its birth, it may still qualify for races open to horses born and bred in France. To be admitted and participate in such races, it must thus fulfill the procedures laid down in **Article 67**.
- iv. Calculation of the 180 days. –To implement the above provisions, the day a horse leaves the French territory and the day of its return thereto, are counted as days spent outside France.

 - f) Nasal strips are forbidden.
- Rule 481: The rider of a two-year-old horse may not carry a whip, but only a "Reitklappe" (a short, thick whip with a wide leather flap) not longer than 40cm. In a race for two-years-old and upwards all riders may only carry a "Reitklappe" if a two-year-old horse is running. In races for Amateur Riders all riders have only to carry a "Reitklappe".
- Rule 492: Every horse which runs in a race shall run on its merits. The rider of every horse shall take all reasonable and permissible measures throughout the race to ensure that his horse is given a full opportunity to win or to obtain the best possible placing for which prize money or premiums is given. He may not pull up his horse without a solid cause.
- Rule 503: Every rider must present himself to be weighed in if the Stewards will not give permission to other handlers.
- Rule 506: At weighing in, the weight may not differ more than ½ kg from the correct weight. In extraordinary weather conditions the overweight shall not exceed 1 kg, but the horse shall not be disqualified if the overweight is higher.
- Rule 594:10: Maximum uses (overuse) of the whip: The rider is allowed to use the whip behind the saddle max 3 times.
- Rule 594:11: A rider commits a breach of the Rules of Racing when, after the start from stalls, he leaves a straight line before having reached the yellow flag (marker pole).
- Rule 594:17: Misuse of the whip: The whip has to be used in a way that the hand where the rider uses the whip does not exceed shoulder height. A use of the whip on a horse that is clearly beaten will be regarded as misuse of the whip. The rider has to wait for the horse to respond after using the whip. An ineffective use of the whip will be regarded as misuse of the whip.

The whip may be used down the shoulder with hands on reigns but only as a corrective measure. A use of the whip on the shoulder other than an obvious corrective measure will be regarded as misuse of the whip.

In a case of a rider being found guilty by the Stewards of misuse of the whip or of a whip offence, severe measures will be imposed.

The penalty for a breach of the whip rule with more than 3 hits during the whole race is:

1st offence 14 consecutive days suspension

2nd offence 21 consecutive days suspension

3rd offence 28 consecutive days suspension

For every crop more than 4 hits the following suspension will apply:

5 hits an additional suspension of 42 days

6 hits an additional suspension of 84 days

7 hits an additional suspension of 168 days

For every hit more than these an additional suspension of 168 days will be the outcome. Furthermore, a rider found guilty of a whip offence will be charged with at least 50% up to 100% (depending on the number of hits) of his riding percentage.

EUROPEAN PATTERN COMMITTEE

TERMS OF REFERENCE – EUROPEAN PATTERN COMMITTEE

1. PURPOSE

- 1.1 The role of the European Pattern Committee (the Committee) is to consider matters and, where required, make decisions, relating to maintaining and improving a sustainable and balanced programme of Pattern and Listed races across Europe, to test the best Flat horses over a range of distances throughout the year. The Committee shall have due regard to the Ground Rules of the Committee and the symmetry of the European Pattern race programme generally with regard to the progression of the best horses.
- 1.2 The Committee aims to achieve a balance of Group races within the European Pattern, so that there are more Group 3 races than Group 2, and more Group 2 races than Group 1, and the total number of Group 3 races exceeds the total combined number of Group 1 and Group 2 races.

2. MEMBERSHIP AND ADMINISTRATION

- 2.1 The Committee currently includes the following Member Countries: Great Britain, France, Germany and Ireland, represented by their respective racing authorities: the British Horseracing Authority, France Galop, Deutscher Galopp e.V - Verband für Vollblutzucht und Rennen and Horse Racing Ireland (HRI).
- 2.2 Subject to section 3, any European country which stages a Group 1 race may become a Member of the Committee, subject to the unanimous approval of the Member Countries.
- 2.3 Any other European country which stages a race which has been granted Group status by the Committee may be admitted as an Associate Member by a unanimous decision of the Member Countries. An Associate Member may be represented at formal meetings of the Committee, subject to the discretion of the Committee Chair, with observer status but without a vote. The following countries are currently Associate Members: Türkiye, Italy, Norway, Sweden, Denmark.
- 2.4 Other European and Mediterranean Horseracing Federation (EMHF) countries which stage a race that has been granted Listed status by the Committee, or who are looking to stage a race with Listed status, must work through the Secretariat of the EMHF, who will represent them at the formal meetings of the Committee, as well as seeking the assistance of the European co-Chairs of the World's Best Racehorse Rankings (WBRR) Committee of the International Federation of Horseracing Authorities (IFHA) in order to compile the necessary race ratings for the race(s) concerned.
- 2.5 The Secretariat will be provided by a Member Country for a five-year term, on terms to be agreed by the Committee from time to time.
- 2.6 The Committee will have available to it the annual World's Best Racehorse Rankings produced by the WBRR Committee. The Committee is responsible for nominating three members of the WBRR Committee including one of the co-chairs. The terms of office of each member of the WBRR Committee shall not exceed four years at a time and will normally expire on 28 February, unless agreed otherwise by the Committee. Any of the nominated members may be reappointed for a further term or terms of office.

3. MEMBERSHIP CRITERIA AND REMOVAL OF MEMBERSHIP

- 3.1. Each Member Country and Associate Member must be a member of the EMHF and the IFHA and must be a signatory to Article 6 of the IFHA Agreement on Breeding, Racing and Wagering. If a Member Country or Associate Member ceases to satisfy one or more of these requirements, it shall immediately cease to be a Member Country/Associate Member.
- 3.2. The Member Countries, acting unanimously, may remove or suspend any Associate Member which, in the reasonable opinion of the Member Countries, has committed any act or omission which may bring the Committee and/or European racing into disrepute.

- 3.3. A Member Country may be removed or suspended from the Committee, or downgraded to Associate Member, by a unanimous decision of the other Member Countries, if such Member Country has, in the reasonable opinion of the other Member Countries, committed any act or omission which may bring the Committee and/or European racing into disrepute and/or is prejudicial to the administration of the Committee or the fulfilment of its role and aims. The right to remove or suspend or downgrade a Member Country shall be exercised in exceptional circumstances only.

4. DUTIES

- 4.1 The Committee aims to provide a framework of races in Europe within which the breeding of quality bloodstock and the progression of the thoroughbred are stimulated, and thus have regard for the effect that any implemented recommendations may have on the shape and progression of the breed and on the long-term health of the European Pattern race programme.
- 4.2 The Committee's over-arching strategy will be one in which quality racing and quality horses are encouraged, balanced against an aim to produce competitive and/or compelling racing.
- 4.3 The Committee will contribute, and make recommendations, to the work of the IFHA's International Race Planning and Grading Advisory Committee (IRPAC) and will nominate one member, on a unanimous basis, to represent the European Pattern Committee on IRPAC. The nomination will be reviewed by the Committee every four years.
- 4.4 The Committee may consider issues referred to it by any Member Country, Associate Member, the IFHA or the EMHF.
- 4.5 The Committee will guide and encourage 'emerging countries' within the EMHF, assisting them in their development, especially in technical areas such as the implementation of ratings systems. (Note: 'emerging countries' in this context means any EMHF member country without a black type race.)

5. REPRESENTATIVES

- 5.1 The Committee shall comprise the following members:
 - 5.1.1 One representative from each of the Member Countries, appointed by their respective racing authorities, who shall exercise all the rights of their respective Member Countries (Representatives).
 - 5.1.2 A Committee chair (Chair), who will be elected and appointed by the Member Countries on a unanimous basis. Nomination of any candidates to become Chair will rest equally with the Member Countries. For any candidate nominated to become Chair, any roles, interests or connections that may give rise to an actual or perceived conflict of interest with the business of the Committee shall be disclosed to the Member Countries prior to appointment and shall be taken into account by the Member Countries in considering the appointment of the Chair.
- 5.2 The term of office of the Chair shall not exceed five years at a time.
- 5.3 The Chair may be reappointed for a second term, if approved unanimously by the Member Countries.
- 5.4 The Chair's term of office will normally expire on 28 February.
- 5.5 In the event of a change to the other roles or positions of the Chair during their term of office which may give rise to an actual or perceived conflict of interest, the Committee will be given the opportunity to consider whether or not the Chair's appointment should continue, with any decision to be taken by the Member Countries on a unanimous basis.
- 5.6 In exceptional circumstances, the Member Countries may terminate the appointment of the Chair, at any time, if they reasonably consider that it would be in the best interests of the Committee to do so and providing such a decision is approved unanimously by the Member Countries.

6. QUORUM

- 6.1 The quorum necessary for the transaction of business shall be all the Representatives and the Chair.

7. ATTENDANCE AND VOTING

- 7.1 Decisions of the Committee are taken either on a unanimous or majority basis, as specified in the Ground Rules.
- 7.2 In the event of a vote of the Committee, each Member Country shall have one vote. However, in accordance with the Ground Rules, in the case of a Member Country submitting a proposal pertaining to a race, or races, taking place in that country, the country submitting the proposal shall not have a vote. The Chair shall not have a vote on Committee business.
- 7.3 The Committee may appoint a deputy chair from amongst the Representatives who will take the chair when the appointed Chair is absent. The deputy chair shall have a vote.
- 7.4 At the discretion of the Chair, any other individuals may be invited to attend for all or part of any meeting as and when appropriate, including a maximum of one additional representative from each Member Country and Associate Member, but will not have a vote.
- 7.5 The Chair or the Secretariat may form a sub-committee to consider any particular issue, subject to the prior approval of the Member Countries.
- 7.6 The European co-chairs of the WBRR Committee and the Secretary General of the EMHF may be invited to attend Committee meetings but shall not hold a vote.

8. FREQUENCY OF MEETINGS

- 8.1 The Committee shall meet formally at least twice a year, and at such other times that either the Chair, or the Secretariat, or any three of the Member Countries shall require.

9. MINUTES OF MEETINGS AND REPORTING

- 9.1 The Committee shall cause minutes to be made of the proceedings and resolutions of all meetings of the Committee, including recording the names of those present and in attendance.
- 9.2 Minutes of Committee meetings shall be circulated to all members and agreed (amended if necessary) at the next meeting of the Committee.

10. OTHER

- 10.1 Any change to the Terms of Reference or the Ground Rules of the Committee must be agreed unanimously by the Member Countries.
- 10.2 The Member Countries and their respective racing authorities agree that these Terms of Reference, and the Ground Rules as amended from time to time, are legally binding on the Member Countries. The Member Countries agree to be bound by decisions of the Committee, taken in accordance with these Terms of Reference and the Ground Rules as amended from time to time.
- 10.3 The Committee shall, from time to time, review its own performance, constitution, and Terms of Reference to ensure it is operating at maximum effectiveness and recommend any changes which it considers necessary.

GROUND RULES OF THE COMMITTEE

1. GENERAL RULES FOR EUROPEAN PATTERN AND LISTED RACES

Every European Pattern and Listed race must conform to the following rules:

- 1.1 It must have no geographically-based conditions of entry with regard to the place of the horse's birth, training or ownership.
- 1.2 It must have a permanent element within the race title, to which a prefix or suffix may be added.
- 1.3 It must justify its Group or Listed status by the quality of its runners, assessed primarily by its Average Race Rating.
- 1.4 An Average Race Rating is the average of the Yearly Race Ratings achieved by a race over a three-year period. The Yearly Race Rating is the average of the

official ratings, as agreed by the WBRR Committee, of the first four horses to finish in any given year. In addition, any fillies and mares finishing in the first four in open competition will have 4lb added to their official ratings for the sole purpose of calculating Yearly Race Ratings. If a race is abandoned during any three-year period, the Average Race Rating will be calculated using the average of the three most recent Yearly Race Ratings available. If a race has fewer than four runners the Yearly Race Rating will be calculated by making use of a 'ghost' rating, as detailed below:

Where a race has three runners: the 'ghost' rating for the missing horse will be the rating of the lowest-rated horse to have been placed in the first four in the race in its three most recent renewals, including the year under review, or a rating 5lb below the relevant Average Race Rating Parameter for the grade of race concerned, whichever figure is the higher.

Where a race has fewer than three runners: as above for one of the 'missing' horses; for the other(s), as above, but using a rating 7lb below the relevant Average Race Rating Parameter, whichever figure is the higher.

The Average Race Ratings below are the standard which a race should achieve to justify Pattern or Listed status:

Group 1	Group 2	Group 3	Listed
115	110	105	100

For certain races, however, other parameters will apply as follows:

3-y-os and/or older fillies' and mares' races

Group 1	Group 2	Group 3	Listed
111	106	101	96

2-y-o races (other than fillies' events)

Group 1	Group 2	Group 3	Listed
110	105	100	95

2-y-o fillies' races

Group 1	Group 2	Group 3	Listed
106	101	96	91

3-y-o races (other than fillies' events)

Group 1	Group 2	Group 3	Listed
113	108	103	98

3-y-o fillies' races

Group 1	Group 2	Group 3	Listed
109	104	99	94

- 1.5 Group 1 races must be run with no penalties or allowances other than a sex allowance and a weight-for-age allowance where applicable.
- 1.6 Geldings may be eligible for all Pattern races except those Group 1 races confined to 2yos or 3yos.
- 1.7 No Group or Listed race can be restricted to maiden horses, or horses that have been sold or bought in at a specified public sale(s).
- 1.8 No Group or Listed race should be permitted to divide into two or more divisions.
- 1.9 No Group or Listed race will be run as a handicap.
- 1.10 No Group or Listed race may have a standard entry cost which exceeds 2% of the advertised total prize fund.
- 1.11 Total prize money, as advertised, must be paid out no later than 90 days after the date of the race.

Under certain circumstances the Committee may decide to temporarily suspend a rule, or rules, in order to implement an agreed strategic project designed to have a positive long-term impact on European racing and/or breeding.

2. DEFINITION OF CHANGES

2.1 For the purposes of the Ground Rules, changes to Pattern and Listed races requiring consideration by the Committee are defined as:

2.1.1 Any change to the Group of a Pattern race.

2.1.2 Any change to the distance, age or sex restriction, date, venue or surface of a Pattern or Listed race.

2.1.3 Any change to the permanent element in the name of a Pattern or Listed race.

2.1.4 Any change of more than 50% to the total value of a Group 1 or Group 2 Pattern race, or any increase of more than 50% to the total value of a Group 3 Pattern race.

2.1.5 The introduction of a new Pattern or Listed race.

2.1.6 The deletion of an existing Pattern or Listed race.

2.2 Specific rules shall apply to such changes to Pattern or Listed races, as follows:

2.2.1 Any change to the distance, age, sex restriction or date of a Group 1 or Group 2 race must be approved unanimously by the Committee.

2.2.2 Any change to the distance, age, sex restriction or date of a Group 3 race must be approved by a majority of the Committee, whilst any such changes to a Listed race must be notified to the Committee (subject to 3.1.5.5 below).

2.2.3 Any change of surface or venue, any change to the permanent element in the name of a Pattern or Listed race, and any increase of more than 50% to the total value of a Group 2 or 3 Pattern race should be approved by the majority of the Committee.

2.2.4 A Member Country should only exercise its veto on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.

2.2.5 An application to change the sex restriction for any Pattern or Listed race, or significant changes to age, distance or date, may be considered by the Committee to be material enough such that the nature and role of the race is altered and it can no longer be identified as the same race. When a Listed race is the subject of that scenario, the Committee may decide that the race which has been proposed for fundamental change should be deleted and a new race created (subject to 3.1.5.1 below). Whilst the committee will consider each case in turn, a significant change of conditions or date to a Pattern race is unlikely to be considered acceptable.

3. RULES GOVERNING EUROPEAN PATTERN AND LISTED RACE CHANGES

3.1 Upgrading of Existing Pattern and Listed Races and the Creation of New Pattern and Listed Races

The following rules shall apply to the upgrading of Pattern races by Group and admission of new races to the Pattern, and the creation of new Listed races, and shall be waived only in exceptional circumstances and with the unanimous agreement of the Committee.

In the case of a decision requiring approval from a majority of the Committee, the country submitting the proposal shall not have a vote. In the event of a tie, the proposal shall be rejected.

3.1.1 To qualify for upgrading or admission to the Pattern a race must have been run with similar race conditions, comparable prize money and on a similar date for at least the last three years. (Note: a change in venue and/or surface is acceptable).

3.1.2 An application for upgrading or admission of a race which has been abandoned once within the last three years may be submitted only if both of the last two Yearly Race Ratings meet the required parameter.

3.1.3 Upgrading of Existing Pattern Races

- 3.1.3.1 An existing Pattern race satisfying the requirements for upgrading may be upgraded by only one Group in any one year.
- 3.1.3.2 A race shall be eligible for promotion to Group 1 or Group 2 if the race in question achieves both an Average Race Rating and a Yearly Race Rating for the last year, in excess of the applicable parameter.
- 3.1.3.3 No race shall be eligible for upgrading to Group 1 or Group 2 if such an upgrade would involve a clash liable to have adverse effects on an existing Group 1 or Group 2 race.
- 3.1.3.4 The upgrading of any race already in the Pattern must be approved unanimously by the Committee. (N.B. If a Member Country chooses to exercise its veto it must do so only on the basis of race planning grounds, and therefore with the overall aims of the Committee in mind.)
- 3.1.3.5 The number of races to be upgraded within the Pattern in any country will be limited to a maximum of two upgrades in any one year.

3.1.4 Upgrading of Listed Races into the Pattern

- 3.1.4.1 A Listed race satisfying the requirements for admission into the Pattern can only be introduced as a Group 3 race.
- 3.1.4.2 A Listed race shall be eligible for promotion to Group 3 if the race in question achieves both an Average Racing Rating and a Yearly Race Rating for the last year which is at least 2lb (in both respects) in excess of the applicable parameter.
- 3.1.4.3 The promotion of a Listed race to Group 3 must be approved by a majority of the Committee.
- 3.1.4.4 Any country may introduce one additional race into the Pattern in any one year (but no more than one, other than in an exceptional case approved unanimously by the Committee) provided that the race fulfils the necessary requirements as above.

3.1.5 New Listed Races

- 3.1.5.1 Any Member or Associate Member may introduce only one additional Listed race in any one year (other than in an exceptional case approved unanimously by the Committee).
- 3.1.5.2 Subject to the above, the specific race conditions for any new Listed race introduced by a Member or Associate Member country will not require the approval of the Committee.
- 3.1.5.3 An application for a race to become a new Listed race from an emerging country within the EMHF which is not a Member or Associate Member of the Committee must be approved by a majority of the Committee. Applications will be considered on their individual merits and any such race must achieve a rating no lower than 5lb below the Listed race parameters outlined in Rule 1.4 as a Yearly Race Rating in at least two of the last three years. A maximum of one Listed race will be permitted under these conditions for any EMHF country which is not a Member or an Associate Member, of the Committee.
- 3.1.5.4 Notwithstanding the foregoing, there shall be no limit to the maximum number of new Listed races which may be created by an emerging country within the EMHF which is not a Member or an Associate Member of the Committee (after approval by a majority of the Committee), provided that each such race achieves the Listed race parameters outlined in Rule 1.4 both as an Average Race Rating and a Yearly Race Rating for the last year.
- 3.1.5.5 For Listed races run in emerging countries which are not a Member or an Associate Member of the Committee, any such changes outlined in 2.2.2 must be presented to the Committee at the Annual Meeting by the representative of the EMHF and will require the unanimous approval of the Committee.
- 3.1.5.6 Any new Listed race will be assessed by the Committee at the Annual Meeting in the normal way but the relevant Racing Authority will not be issued a warning letter, if applicable, until after its third renewal with Listed status at the earliest.

3.2 Downgrading or Deleting Pattern or Listed Races

The following rules shall apply to the downgrading/deletion of Pattern or Listed races

3.2.1 Group 1 Races and Classic Races for 3 Years Old Only

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for two consecutive years, then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last two years, a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is more than 2lb below the parameter in each of the last three years, then a majority vote will decide if the race should be downgraded.

3.2.2 Group 2 Races (Excluding those Classic Races for 3 Years Old Only)

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for two consecutive years, then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last two years a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last three years, then a majority vote will decide if the race should be downgraded. If it is not downgraded, then the Yearly Race Rating will need to meet the required parameter in the following year, or the race will be downgraded automatically.

3.2.3 Group 3 Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for two consecutive years, then a majority vote will decide whether the race should be downgraded.
- If the Yearly Race Rating is below the parameter in each of the last two years, a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last three years, it will be downgraded automatically.

3.2.4 Listed Races

- If the Average Race Rating is more than 2lb below its parameter, a warning letter will be issued to the relevant Racing Authority.
- If the Average Race Rating is more than 2lb below its parameter for two consecutive years, it will be downgraded automatically.
- If the Yearly Race Rating is below the parameter in each of the last two years, a warning letter will be sent to the relevant Racing Authority.
- If the Yearly Race Rating is below the parameter in each of the last three years, it will be downgraded automatically.
- For a Listed race from an emerging country which is not a Member or an Associate Member of the Committee, a 5lb lower rating parameter will apply in the case of both the Average Race Rating and the Yearly Race Rating.

3.2.5 When assessing the potential downgrade of a Group 1 race, or a Classic race for 3 years old only, the Committee may additionally take account of the ratings of the four highest rated horses in the race as well as the first four to finish.

- 3.2.6 The Committee must be informed at the Annual Meeting of any voluntary downgrading or deletion of a Pattern or Listed race by the country concerned. However, no country will have any right of veto in such circumstances.

4. WEIGHT-FOR-AGE AND SEX ALLOWANCES

The Committee aims to utilise and retain identical weight-for-age scales and sex allowances across all Member and Associate Member countries.

5. NOTIFICATION & IMPLEMENTATION OF CHANGES

- 5.1 All Pattern and Listed race proposals for the following year must be notified to the Secretariat by 12 December for immediate circulation to all Member and Associate Member countries. This requirement shall be observed strictly so as to ensure time for proper consideration of the proposals before the Annual Meeting of the Committee.
- 5.2 Proposals submitted in accordance with Paragraph 5.1 must later be updated to contain the official ratings, as agreed by the WBRR Committee, and returned to the Secretariat at least 10 days in advance of the Annual Meeting. The Committee may reject any Pattern or Listed race proposals returned with incomplete information.
- 5.3 Changes shall be implemented for the immediate season if accepted according to the Ground Rules, unless agreed otherwise by the Committee.
- 5.4 Until a public announcement has been made by the Committee, there must be no official statement to the media of any proposed or approved changes to Pattern and Listed races.
